Universitas Muslim Indonesia (UMI) is currently offering a partial scholarship to international undergraduate students for the upcoming 2020 Summer Course Program. The theme of the course is Nature, Human, and Technology harmony. This letter is aimed at inviting all the undergraduate students from foreign countries to apply for the scholarship.

To begin with, we would like to provide you with an overview of the university. UMI is known as one of the best private universities out of Java Island. UMI has been accredited A, the highest accreditation under the Ministry of Education and Culture of Indonesia.

The scholarship is worth for $1,480. It covers accommodation, fieldtrip, local transportation and meals. The students will only cover both their international flight (go and return) to Sultan Hasanuddin International Airport and their travelling documentation. As for the travelling documentation (Visa), the committee will assist all the applicants.

The summer course will be running from 22 to 30 July 2020. The theme of the course is Nature, Human and Technology Harmony from Bugis and Makassar culture. It is designed to learn more by experiencing and eye witnessing the theory. Therefore, we will bring all the students to the anti-modern technology village called Kajang, the legendary bout building village in Tana Beru (acknowledged as UNESCO’s world heritage), the historical and gorgeous beach called Pandrang Luhu, and peaceful place of character building site of Universitas Muslim Indonesia called Padang Lampe.

Also all the students will stay in the house family (the lectures of UMI). This is to give the students more opportunity to learn and to make it easy for the committee to serve all participants with the traditional culinary.

Here is the link of a brief video about the program https://www.youtube.com/watch?time_continue=36&v=rx0LqqNYuUo&feature=emb_logo
